Land and Water Conservation Fund – City and County Grants

Congress approved an apportionment of \$1,197,148.00 through the federal Land and Water Conservation Fund to the State of Iowa. One half of Iowa's apportionment, \$598,574.00, is made available to cities and counties for outdoor recreation acquisition and development projects.

A total of 64 applications were received by the March 15, 2003 deadline. Grant requests for the 64 applications totaled \$4,268,836.12 for various activities including general park improvements, pool renovations, campground developments, playgrounds, trail projects, athletic complexes, and land acquisitions. (Some applications included aspects that fit into more than one of the previous listed areas.)

A three-member committee reviewed the 64 applications and scored/ranked them based on the following criteria:

- 1. Relationship to SCORP Priorities (Statewide Comprehensive Outdoor Recreation Plan)
- 2. Direct Recreation Benefits Provided
- 3. Local Need
- 4. Quality of the Site

The top seven projects were approved for funding by the Natural Resource Commission on May 8, 2003 with the seventh receiving partial funding..
